DISCLAIMER

The purpose of this white paper is for information only and to present lazy token to holders, cryptocurrency exchanges, and other interested parties.

The information provided may not be exhaustive and does not in any way imply any elements of a contractual relationship. Its sole purpose is to provide relevant and reasonable information

ABOUT \$LAZY

\$LAZY is a cryptocurrency with a fixed limited supply of 100 billions tokens.

Started with the very low price of 0,0000001.

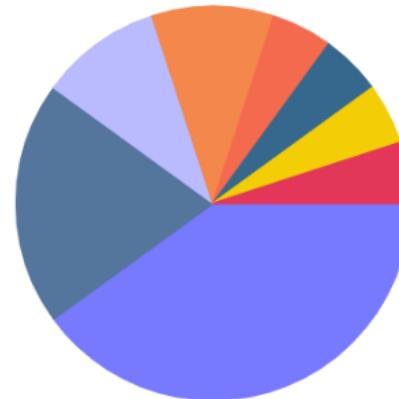

Moon is the limit! As Lazy gains popularity and usage, its value

rises. Over time, the price of Lazy may reach 100 million, or even higher. \$LAZY target is to surpass 1.00\$ USDC per token.

\$LAZY is a SOL (Solana) smart-chain currency blockchains leveraging modern technologies. In contrast with other meme coins like Bonk, Dogecoin and Shiba, Lazy supports smart-contracts, DeFi, staking, NFTs, DAOs, Proof-of-Stake high scalability

TOKENOMICS

Total Supply : 100.000.000.000

- Community 40 ■ Locked 20
- Future Project 10 ■ Staking 10
- Team 5 ■ Charities 5
- Marketing 5 ■ Liquidity Pools 5

\$LAZY IS AVAILABLE ON DEXLAB, RAYDIUM, JUPITER, AND IT CAN BE SWAPPED WITH USDC THROUGH ITS PLATFORM

100 Billions \$LAZY will be allocated

1. 40% Community
2. 20% Locked
3. 10% Future Projects
4. 10% Staking
5. 5% Team
6. 5% Charities
7. 5% Marketing
8. 5% Liquidity pools

ROADMAP

BABY PHASE

- Building the community
- SOLANA network minted
- Strategic partnership

- Launch of marketing
- PR campaign

META PHASE

- Building a learning community
- Staking of \$Lazy
- Exchange listings
- \$Lazy NFT metaverse
- Collaboration with influencers
- More exchange listings
- NFT collaboration with digital artists
- Partnerships with other projects

GOLD PHASE

- Decentralized governance
- Listings on major Exchanges
- Onboarding other projects to integrate
- Partnership with celebrity influencers
- Surpass gold to become the DeFi standard
- Collaboration with fortune 500 brands

LAZY PHASE

- 100 billion market capitalization

FAQ - \$LAZY PROPERTIES

100 Billions Limited Fixed Supply

\$Lazy has a fixed limited supply of 100 Billions tokens. There's nothing else to build, as the code guarantees. \$Lazy is considered like a doge, but purer with an absolute inflation rate of 0.00%. (By comparison, Bitcoin expanded by 2%, Ethereum by 4.2%, and Dogecoin by 3.8%). \$Lazy starts at an initial price of \$0.0000001 per token, and payouts increase over time with scarcity.

Moon is the limit Is pegged to a minimum 1 USDC per token with a “liquidity wall.” The top is unlimited. Unlike traditional stable coins, \$Lazy has a fixed supply and therefore has no fixed maximum top. As \$LAZY gains popularity and circulation, it could potentially reach higher values being worth as much as 100 million or 1000 million. Moon is the limit

Web 3 Decentralized Social Coin Is a next-gen Web 3.0 decentralized social coin and meme-coin. Unlike other meme-coins like Doge, \$Lazy fully supports smart-contracts and modern Proof-ofStake networks. \$Lazy leverages the latest modern technologies to enable decentralized finance, staking, NFTs, governance, and the metaverse.

Community-Driven Ecosystem As a 100% decentralized community governed by a DAO, \$Lazy supports a diverse ecosystem of projects including online communities, digital art and NFTs, social marketing, products, metaverse and more in our Discord. At its foundations, \$Lazy is a social-media driven cryptocurrency that can drive rapid exponential growth

FAQ - \$LAZY PROPERTIES

Transactional Currency & Store of Value As a decentralized currency, \$Lazy can be used both as a store of value coin and a means of transaction. \$Lazy's unique limited supply makes it especially ideal as a store of value with unlimited growth. \$Lazy can be transferred in fractional amounts (up to 6 decimals), allowing it to be also used for smaller transactions.

Exclusive club of \$Lazy Lovers \$Lazy Acts as a hybrid-NFT, with its limited supply of 100 Billions tokens. Holders not only join an exclusive club of "Lazy Lovers", but also the coins act as status symbols and gate access to certain features like private NFT art auctions and access to Tokenomics, Lazy Launchpad, and DAO features. \$Lazy's widespread fame on social-media has made it a collectible as well as to adorn any digital wallet.

Transparency and Trust \$Lazy, Code is fully audited and verified. Unlike other coin projects with anonymous founding teams, \$Lazy was transparently launch. The 100% decentralized governance DAO platform ensures democratic community decision-making.

Solana Bridge \$Lazy is available on Solana, a worldwide internetscale blockchain bridge. \$Lazy benefits from Proof-ofHistory and Proof-of-Stake third-gen infrastructure.

LEGAL DISCLAIMER AND DISCLOSURES

Digital asset trading, including the Token Lazy Koala (\$Lazy), is highly risky and volatile. This whitepaper is for informational purposes only and may be subject to change. The company cannot guarantee the accuracy of statements or conclusions made in the whitepaper and expressly disclaims all representations and warranties. The company shall have no liability for damages arising from the use, reference or reliance on the whitepaper. The whitepaper is not an invitation to invest and does not constitute an offer or invitation to sell shares or securities. No regulatory authority has examined or approved the information in the whitepaper.

Participants should have experience purchasing blockchain tokens and fully understand the risks associated with it. The primary function of the \$Lazy token is enabling the Solana Ecosystem, and it is not a value storage asset. Each participant fully accepts any risks associated with the token sale and distribution, and there are no guarantees for the tradability or protection against volatility of the token. It is the participant's own responsibility to hold, store and trade the \$Lazy tokens, and if they do not fully understand these risks and obligations, they should seek counsel or abstain from involvement.
